

The Navajo Nation Center of Harmony & Recovery
(Tribal Opioid Response Program) presents

NALOXONE (NARCAN) & OPIOID OVERDOSE PREVENTION TRAINING

Naloxone (also commonly known as Narcan) is a medication that can be administered to treat an opioid overdose during emergency situations.

About this training:

- Learn about opioids, misuse, and the signs of an opioid overdose.
- Learn about Naloxone (Narcan) and how it's administered.
- Learn about local resources available for treatment and/or recovery.
- In-person or virtual trainings are available for communities/chapters, schools, government, first responders, and other organizations.

**PARTICIPANTS WILL RECEIVE A
FREE NARCAN KIT!**
